

Everything about employment has evolved

And that's how we like it.

Why Semper?

You'll love working with the largest specialized staffing agency for the graphic communications industry. With our national reach and deep industry experience, we strive to fill each flex order within 24 hours, helping you be more competitive in the marketplace.

What We Do

We connect employers with pre-qualified candidates in marketing, pre-media, media production, and print and packaging roles.

Count on us for:

- Recruiting using top hiring platforms.
- Three layers of industry-specific screening: pre-screening, interviews, and reference checks.
- Payroll and benefits administration.
- A complete line of liability insurance. We are fully insured and bonded.

Our Offerings

We offer national reach with personal, on-the-ground services filling flex, flex-to-hire, direct-hire, and payrolling needs.

Flexible Staffing

Don't turn down a job because you lack employees. Our pre-qualified, ready-to-work pool of flexible candidates allows you to meet your fluctuating needs. Choose flexible staffing to lower business costs and increase productivity, meeting demands and opportunities as they arise.

Direct Hire

Placement services reduce the time and cost of hiring in-house. Our national network of graphic communications candidates have already been interviewed, reference-checked, pre-assessed, and qualified by our industry professionals—some employees are even ready to relocate to you.

Flex-to-Hire

Flex-to-hire allows you to try out a candidate before hiring. See if the employee fits into your company culture, and check out their skill level, work ethic, and long-term potential. By choosing flex-to-hire, you reduce risk and the costs of advertising and filling a position.

Payroll

Use our payroll services to streamline your operations. We take over the day-to-day tasks involved in tracking timesheets and paying staff, including weekly payroll checks, timecards, taxes, and onboarding. Let us take the admin while you focus on your core business activities.
